Our team of Recovery Workers are on-hand to provide non-judgmental support tailored to your needs; whether that's simply listening or providing more in-depth support.

Peer Supporters (people with lived experience of mental health challenges) are also available to talk to.

5 Ways to Wellbeing

The support we provide is based on the 'Five Ways to Wellbeing' - connect, take notice, keep learning, be active and give.

These steps were created by the new Economics Foundation to give people the tools they need to take real control.

Am I eligible?

The service is available for adults (16+) living in East Sussex with urgent mental health support needs.
